SERGEANT HARPER HERE FROM RENO FOR RECRUITS FOR NATIONAL ARMY

Sergeant B. L. Harper, in charge of the Reno recruiting sub-district, which includes all of Nevada, arrived here today on a tour that will include Goldfield and Manhattan, to obtain recruits from 18 to 21 years of age and 31 to 41 for the many branches of the national army. Sergeant Harper will go to Goldfield tomorrow and on Thursday will go to Manhattan. He will be in Tonopah all day Friday and will go back to Reno Saturday. Among other divisions for which he seeks recruits, he desires especially men for the aviation section, the medical corps and the quartermaster's corps for bakers and cooks, also the numerous engineer sections. He will be glad to meet veterans of the Spanish-American war who feel they are physically fit to pass examinations for service in the recently established home regiments which will do guard duty in this country. Pay and requirements are the same as for the national army, except that men over age will be accepted, providing they are physically fit. This district continues to hold its own in recruiting.

NET SPREAD OVER STATE FOR APPREHENSION OF JAIL ESCAPE

Up to a late hour this afternoon Paddy Cannon, who escaped from the county jail yesterday, had not been located. Sheriff Thomas has wired a description of the man to cities east and west and this afternoon left town in his machine for a destination not made public in the hope of apprehending the man. Cannon got out through a window on the southwest side of the jail building. It is probable that he was aided by an accomplice outside, evidently a saw being passed through the window from the outside. Cannon sawing an iron bar through with it. At what time the prisoner made his get-away isn't known exactly, his absence and the severed bar not being discovered until Undersheriff N. L. Schade went to admit the man who brings the supper meal to the prisoners at 5 p. m.

Cannon had been in jail since October awaiting trial on a charge of grand larceny in connection with the theft of belting stolen from the Tonopah Extension Mining company. There was also a rumor that federal sleuths suspected him of having taken part in several post office robberies in this state. Sheriff Thomas said this afternoon: "Every possible means will be taken to apprehend Cannon. The escape was cleverly and daringly accomplished, and blame cannot be justly placed upon any of the attaches of my office. I was in Carson yesterday, having gone there with Cline and Edwards, sentenced to penitentiary terms, and upon receipt of a telegram apprising me of the escape of Cannon last night I returned immediately to take part in the search, which will be pressed until Cannon is apprehended."

BERNE-THEOPHELUS MATCH IS PROBABLE

If a conference of local business men late this afternoon establishes agreement, William Berne, the Russian bear cat, will be matched to meet the assertive Mr. Crith Theophilus, whose forefathers for twenty centuries have been winner-take-all mat artists, he says. Berne opines that this fellow Theophilus is full of talk and egotism and may have classic ancestors, but as for throwing him, well he'll need all his ancestors and then some, Berne says. The match, if held, will be put on at night. The local Greek colony has already rallied to the standard of Theophilus, and that has distinctly interested the Slavonians. Berne postponed his departure, planned for today, in the hope that the match will be arranged.

WORK OF SECURING APEX JURY STILL ON K. OF P. INSTALL THEIR NEW OFFICERS

The work of securing a jury for the trial of the White Caps-Morning Glory apex case continued slowly today in the district court. Coop, Jacob Hoffman, Frank Hill, L. C. Doin, Edward Ashton, Horace Campbell.

Guy Corson and W. T. Brown were excused for cause, both of them holding stock in one of the litigant companies, and Sam Durkee was excused, he being employed in the White Caps mill. The Morning Glory counsel challenged H. M. Bowler and Harold Fottler and the White Caps attorney challenged Albert McFadden and John A. Connor.

AMUSEMENTS. GEORGE BEBAN AT THE BUTLER. George Beban, one of the greatest character actors on the screen, will appear at the Butler this evening in "The Cook of Canyon Camp." It is as a French Canuck that George Beban is seen in this production, and he rises finely to his opportunities, portraying the happy-go-lucky flack-jack artist of the lumber camp. Donald Crisp, the author of the story, has given his best for lyric composition full swing in some of the subtitles—always in the dialect of the Canadian North. We get the atmosphere of the woods in the opening of the story and hold it till the end. Helen Eddy is Marie, and in this story, as in the other Beban subjects in which she has appeared, she counts heavily, and makes a fine foil for the leading player. "The Cook of Canyon Camp" is a real Beban picture and that is saying a whole lot for any subject. In addition to the feature, the Ford Educational Weekly will be shown. Tomorrow, the big eight-reel Fox masterdrama, "The Honor System," will be shown. The picture that has received the most publicity of any during the year—has been endorsed and praised by the press and all the big men of the country. George Walsh, Gladys Brockwell and Miriam Cooper appear in the leading roles, supported by an all-star Fox cast. Remember the first night show will start at 8:45, on account of the length of the picture. There will be no preliminary reel. Admission 20 and 25 cents. Children: In the evening, 15 cents; at the matinee, 11 cents.

CHICAGO STREETS. (Continued From Page One.) stables. Taxicab companies confined their services to streets made passable by the street cars. No milk trains arrived and it was a question if they did whether the wagons will be able to make deliveries today. Newspaper deliveries were curtailed probably 25 to 50 per cent and one paper abandoned an edition yesterday afternoon because of being unable to distribute it to agents. The weather bureau offered no relief. It predicted snow flurries for Minnesota, Wisconsin, Illinois, Iowa, Indiana and Southern Michigan, together with lower temperature. Passenger trains arrived from one to eight hours late and the schedules of freight trains were obliterated. Interurban trains shared the common fate with few exceptions. The great steel mills which fringe the southern end of Lake Michigan were practically idle, owing to snow in the switchyards and inability of thousands of their workers to reach the plants. There was but one delivery of United States mail. To save time snow was dumped from bridges into the river instead of being hauled to the lake front dump. Jones' apple cider just arrived at Hall Liquor company. Six bits a gallon. advN23tf
